**NEWS**

**THE ANNUAL INTERNATIONAL MUSIC ACADEMY SUMMER MUSIC FESTIVAL WILL TAKE PLACE ON JUNE 15 AND JUNE 16 AT CORNELL RECITAL HALL**

The end of the school year is fast approaching and we have already begun preparations for the iMA Summer Music Festival. As usual, we are planning on having a series of one-hour concerts starting on both Saturday, June 15 (from 10:00 am to 8:00 pm), and on Sunday, June 16 (from 1:00 pm to 8:00 pm). Participation in the iMA Summer Festival is based upon a teacher’s recommendation and it represents a natural culmination of several months of studying at the International Music Academy. Performing in front of public builds essential skills and develops a high level of self-esteem and confidence. All students are encouraged to participate.

The concerts will take place in the magnificent ambiance and extraordinary acoustics of Cornell Recital Hall located on the 2nd floor of the newly open Cornell Community Centre at 3201 Bur Oak Ave. in Markham. All concerts are open for the public – bring your friends, family members, neighbours and share the gift of music.

**TWO MORE TEACHERS HAVE “SOLD OUT” THEIR AVAIBILITY AT THE INTERNATIONAL MUSIC ACADEMY.**

Last month, we announced that Mr. Leonid Sprikut (woodwinds and brass teacher at the International Music Academy) has “sold out” all of his available lesson time slots on Monday, Friday and Saturday and has opened one
additional day (Wednesday) to accommodate a growing waiting list. We are happy to announce that his Wednesday schedule is getting full and he has only a few available spots left. Mr. Sprikut is a Professor at the University of Toronto where he is in a process of completing his PhD degree. His motivating teaching style and motivational approach has gained him a growing popularity among many students and their families throughout the York Region. Mr. Sprikut is fluent in both English and Hebrew. Meanwhile, two other teachers have “sold out” their time slots at the International Music Academy. Ms. Hasmig Surmelian (violin and piano teacher) has been solidly booked on Wednesday and Saturday since September 2012. She has recently agreed to open additional time slots on Thursdays and is already accepting new students. Ms. Surmelian has a doctor’s degree in piano and violin performance from the Sorbonne in Paris (France) and has quickly gained the respect of our community for her professional approach towards learning as well as her uncompromising attitude in order to achieve the highest quality of learning. In addition to fluency in English, Ms. Surmelian speaks French and Armenian.

Ms. Lili Imastounian has also been fully booked on Monday, Tuesday, Saturday, and Sunday. Although there is a growing waiting list with students for her, at this point she is not considering opening another day at the International Music Academy. During the summer months, though, a limited number of time slots will become available – for more information, check directly with the IMA Office at 904.489.4620.

Ms. Surmelian was happy to answer a few questions for our students and parents:
1. What do you like most about teaching? Teaching inspires me for different reasons. The most important is the communication I have with my students and their established confidence. A music lesson is not only “teaching” an instrument, but an intellectual and emotional exchange between two personalities. I enjoy the transmission of knowledge and experience explaining my pedagogy in order to assist my students achieve progress and love music.

2. How do you inspire students to practice more? For each student I adapt my approach. Students practice more for many different reasons. Some like the instrument they have chosen or a certain kind of music, others like the choice of the repertoire or simply like the teacher!! Progress also gives the motivation to practice more and do their best.

3. What roles does performance play in student’s development? Performance plays undoubtedly a very significant role. The conditions of a live performance in terms of concentration, self-control, quality requirements and emotional feelings are unique. Music is a performing art and for that reason it is difficult but motivating and challenging.

4. Who are your favourite composers? Some of my favourite composers are Mozart, Schumann and Ravel.

5. What was the last piece of music (sheet music or a recording) you purchased for yourself? Czech composer Bohuslav Martinu’s piano repertoire music and enjoyed listening to Melody Gardot, a Jazz and Blues singer from Philadelphia.

What is the key to a successful education system?

By Caroline McClatchey

The education systems in Hong Kong, Finland, and South Korea are often lauded as among the best in the world, scoring highly in international league tables. Here academics suggest reasons why the state-run education system in these countries is top of the class.

HONG KONG

Prof Bob Adamson is head of department of international education and lifelong learning at the Hong Kong Institute of
Education:

**Emphasis on diligence:** It’s not natural ability, it’s hard work. Hong Kong was built on hard work, as a refugee society. There was no in-built class system and the way to achieve social mobility was through education.

There was no social security blanket, so you were investing in your pension by educating your child. It’s called the elderly parent tax.

Parents in Hong Kong often send their children for tutorials

The term "tiger mum" is a little too strong but parents do take a very keen interest in their children's education. They emphasise diligence and will complain if schools don't provide enough homework.

The shadow education system is booming in Hong Kong - some 70% of secondary school-age children have private tuition.
